Taylor Swift

INTRO TO

INTERIOR DESIGN

YOUR FUTURE HOME

- Imagine the home you want in the future:
 1. Where will it be located? (Near mountains, the ocean, big city, etc.)
 2. What will the climate be like where you live?
 3. Describe the outside or the exterior of your future house will look like.
 4. How big will your house be? How many bedrooms? How many bathrooms? How many people could live there?
 5. What special or unique things will be in your house? (Swimming pools, library, slides, etc.)
 6. Describe the inside or the interior of your future house. What colors will you use? What kind of furniture will you have?

NEEDS & WANTS

1. List 3 activities families do in the home.
2. List 3 things families NEED in a home.
3. List 3 things families WANT in a home.

What's the difference?

FUNCTION & BEAUTY

- Homes can include everything a family NEEDS and WANTS, especially when it is designed around both FUNCTION and BEAUTY.

4. What is Interior Design?

The design of a functional and beautiful living environment.

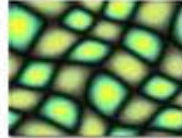

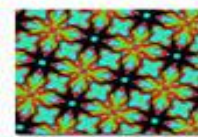

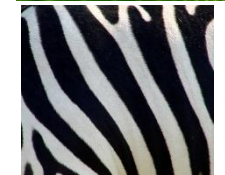

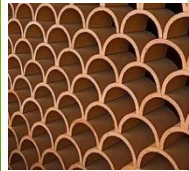

5. How do we create a functional and beautiful living environment?

By *carefully* using the

Elements & Principles of Design

6. WHAT ARE THE ELEMENTS OF DESIGN?

1. Color
2. Line
3. Space
4. Shape & Form
5. Texture
6. Pattern

7. WHAT ARE THE PRINCIPLES OF DESIGN?

There are 5 Principles of design:

1. Balance
2. Scale/ Proportion
3. Emphasis (Focal Point)
4. Harmony
5. Rhythm

8. HOW DO THEY WORK TOGETHER?

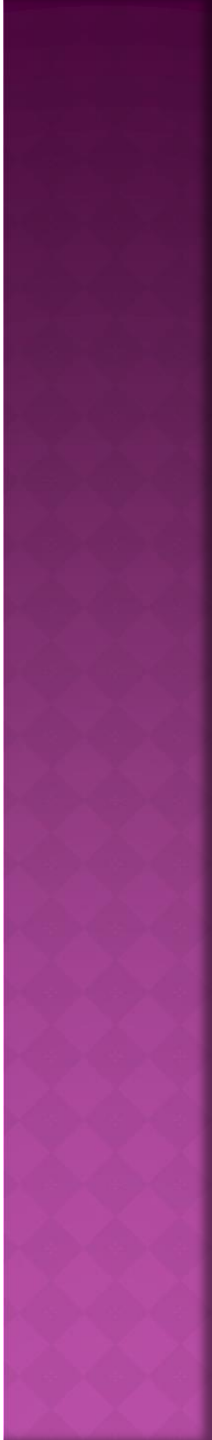

Elements are WHAT you use to decorate a room. Principles are HOW you use the elements to get the look you want.
