

# Sports Sewing/Apparel Design and Production I

## Project Supply List

The following is a list of the projects we will be making in Apparel I. All materials, notions and supplies are due one week before we begin construction for each project. Please **DO NOT** buy expensive materials! Keep in mind that you are learning and will unpick several times throughout the learning process. If students are not able to get the required materials, they may make other arrangements with the teacher BEFORE the materials are due. See the Course Disclosure for more information.
