

**Rotary Cutter  
Mat &  
Transparent  
Ruler**

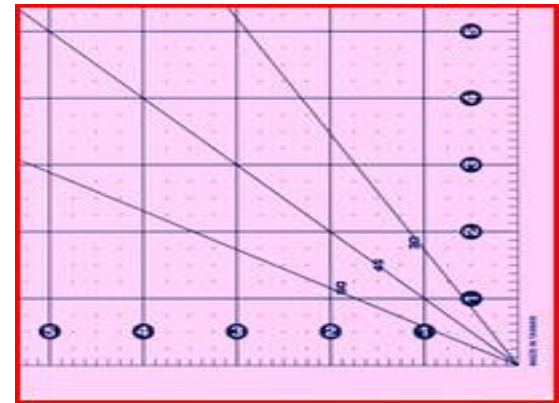

**3 things to remember!!!**

# Safety

- **1- Walk with the blade closed.**
- **2-Only cut on the mat... or you will damage the surface and the blade and will need to pay for any damages.**
- **3-Always cut in a forward motion, never toward you or sideways.**

# Measuring

- **1- Start in the corner of the mat. The edge of the mat is ZERO!**

- **2- Each full square is equivalent to 1 square inch.**

# Cutting

**1- To make a straight cut, place the transparent ruler on top of the fabric.**

**2- Hold the hand, not on the rotary cutter, firmly on the transparent ruler. Make sure your thumb is not hanging over the edge.**

**3- Use a small amount of pressure as you are sliding it away from you.**
